REALMS UNIQUE & BEYOND WHAT YOU KNOW FROM THE SEGA AND CAPCOM GAMES!
WHERE THE WORLDS OF SONIC AND MEGA MAN HAVE COLLIDED IN THE PAST, AND WILL NOW **UNITE!**

WORLDS UNITE

SONIC THE HEDGEHOG™

Sonic is the fastest, coolest hedgehog there is. He is free as the wind, and fights against the evil ambitions of Dr. Eggman!

MEGA MAN™

Mega Man is a super fighting robot built by Dr. Light to protect his home and family from the evil forces of Dr. Wily.

PART TEN

PREVIOUSLY...

PORTAL FOLLY!

Sigma—a brilliant, evil conqueror from the future—used the power of the **Genesis Portals** to cross space and time! With his dreaded **Unity Engines**, Sigma fused **Sonic** and **Mega Man's** worlds together, using their power to fuel his twisted evolution! Ultimately, Sigma further abused the Unified World's power to merge with the planetoid of Lost Hex, becoming **SIGMA-2!**

PORTAL DANGER!

SIGMA-2 then opened *more* Genesis Portals to *more* worlds, seeding his army with *even more* Unity Engines! With the power of countless worlds feeding him, Sigma would become an unstoppable god! As the Unified Army scattered to seek help on those other worlds, SIGMA-2 turned his attention to **Sky Patrol** in an attempt to destroy the army's one rallying point!

PORTAL COIL!

With the situation growing ever dire, Sonic and Mega Man's teams now rush to rally enough troops to face the all-powerful tyrant before he takes over the entire universe!

With more worlds come more heroes, but also more dangers as well...
